

Pass the tradition on!

Our Mission:

Is to save as many victims of the horse world as we possibly can. We provide care for abused, abandoned, neglected, aged and unwanted horses or those horses that can no longer be cared for by their owners for whatever reason. We accept them in any condition and do everything in our power to provide the needed love and care they so desperately need and to make the future for these horses better than their past experiences.

Who We Are

The 505 Ranch is a small horse rescue ranch located about 20 miles north of Sierra Blanca, Texas which is about 100 miles east of El Paso, Texas. We are a not for profit organization dedicated to providing emergency relief, shelter, care, rehabilitation, and adoption services for abused, neglected, abandoned and unwanted horses. We are dedicated to providing unwanted horses with a safe and nurturing environment while they heal physically, mentally and emotionally from situations of abandonment, neglect and/or abuse. We also provide a permanent home for those horses that cannot be adopted out for whatever reason.

Bob Marley was our first rescue. Super great horse with a heart of gold.

Our Goals

1. To provide shelter, rehabilitation, care and adoption services for surrendered and legally impounded horses entrusted to our care.
2. To facilitate the surrender of horses referred by Animal Control Officers due to owner neglect or abandonment.
3. To facilitate the surrender of horses by owners who are no longer able to provide adequate care for their horses.
4. To help make the future for horses better than their past experiences. Every day young horses in their prime are starved to death, abused or sent to slaughter. It is our goal to prevent this from occurring.
5. To provide homeless and rescued horses with a safe and nurturing environment where each horses' individual needs will be met. All horses will be cared for, and evaluated individually on an ongoing basis, and any gaps in their training will be

will be addressed. When the time is right and the match perfect, only then will they be adopted into caring homes.

6. To provide all horses that come through our rescue with the knowledge, skills and confidence needed to become willing, happy, enthusiastic, and most importantly, safe partners for life.
7. As our rescue grows, we will be expanding our rescue efforts to bring more horses to safety, keeping with our initial purpose of providing the required training needed to insure each horse's success with their adoptive family.

Our Horse Development Plan

The 505 Horse Rescue will only use natural horsemanship to instill, or restore dignity and confidence in our horses. All horses will be evaluated when they first arrive at the rescue and then at regular intervals during their time with us, and while we guide them on their journey to becoming the best partners possible. Each horse will be treated as an individual and they themselves will determine how quickly or slowly their training takes place. Our horses will not have to worry about time running out - they will be given the time they need to become confident horses before adoption will even be considered.

Our Horse Development Plan (continued)

When ready for adoption, great care will be placed on matching horse and human for the most successful partnership. We aim to provide all horses that come through our rescue with the knowledge, skills and confidence needed to become willing, happy, enthusiastic, and most importantly - safe and much loved partners for life.

Our Commitment

Is to rescue as many abused, neglected and unwanted animals as possible. Our horses are part of our family! The 505 Ranch will provide them with what they deserve - **TO LIVE A HAPPY AND HEALTHY LIFE!!**
