Please include any photos you have of the horse along with your application. We usually have a waiting list, and in some cases we cannot guarantee placement of your horse into the rescue.

The 505's Online Courtesy Posting

We offer to share information about your horse with potential adopters who visit our website looking for horses. If you would like your horse to be included in the 'Courtesy Listing' while you are on the waiting list, please check the following box and provide the following information. The 505 will post horses as web space allows, and at our discretion. The courtesy listing is designed for potential horse owners that have reviewed the current herd of The 505 horses and have not found a suitable match. Keep in mind that 3rd party buyers have not necessarily gone through The 505 screening process

(although we strongly encourage them to). This means that The 505 cannot vouch for the credentials or intent of anyone who contacts you via this posting.

It is okay to post my horse on the The 505 website under 'Courtesy Listings'. YES NO

Information about your horse that will be posted includes the following: name, age, breed, registered (yes or no), height, level of soundness, rider/handler level required, and any special needs. We will post your horse online for 3 months. If you find a home for your horse during that time without The 505 involvement, please let us know so we can remove the post from our site.

Please email a .jpeg image of the horse to info@505ranch.net.

I would like to include the following contact information on my web post (please check all that apply):

- First Name
- Last Name
- Phone Number
- Email Address
